## Manale Restaurant

May 20, 2010

To Whom It May Concern:

Quality water is essential to our industry. It is not only important for our ware washing but also, for the quality of all food, carbonated beverages, ice tea, and coffee. We have had a water softener at our restaurant since 1979. The Water Company has provided monthly service since 1984. Their service is always reliable, timely and professional.

I recommend that you consider The Water Company for clean water for your restaurant. It makes a big difference!

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark DeFelice'. The signature is written in a cursive, somewhat stylized script.
