Pat,

I would like to express how pleased I am with my Purotics water softener product. When I purchased the first Purotics water softener you said it would last 10 years and it did. I knew immediately that it was no longer working because my skin was dry and my curly hair was dry and difficult to manage. Even my sons noticed a difference on their skin once I purchased the new system. In fact, I may be moving and told my realtor that the Purotics system comes with me to the next house because I cannot live without it! That is another wonderful feature of your system....I can take it with me when I move. You have a wonderful product and excellent customer service. I'm sold for life on this product.

Sincerely,

Elvira "Curly" Wolski
