Dear Julio,

I am so pleased to have my water filter system, it is wonderful to have clean and safe water to drink and cook and wash clothes with -

I cannot think of being without it,
I will tell anyone this is the way to go -

When I get my new neighbor on either side of me I will let them know about the water system -

P.S. Thank you for your personal attention
you give and your workers also -
&
Staff

Sincerely,
Mr. Mrs. Jerry Bourdreaux
