Dear Julio,

Just wanted to tell you how much we are enjoying our water filter. The "feel" of the water on our skin in the shower is great, but what I love most is the taste and the ability to drink from any faucet in the house knowing that the water is clean, safe, and free of impurities. I love the freedom from lugging gallons of bottled water into the house every week and then having to store it.

Thank you for introducing us to a wonderful product and lifestyle change. The water filter has been a blessing as well as money well spent.

Sincerely,
